Curriculum

Reading: As readers, students will work on responding to a text they have read in a variety of ways, including summarizing and identifying the main idea.

Writing: As writers, students will practice effective speaking skills and work on creating a presentation to share with an authentic, real-life audience.

Math: As mathematicians, students will be exploring and measuring polygons in order to calculate the perimeter of the shapes and make real-world decisions.

Social Studies: As historians, will explore the basic concepts of economics through engaging, hands-on experiences.

A Note From The Teachers

Math Support at Home

The following are resources on www.ixl.com/cses that correlate with the skills being taught in class. These skills are great ways to support your child with understanding of word problems at home. It would benefit your child to show you how he/she works through each problem—verbally, on paper, a whiteboard, etc.
