Reading Log

Reading Log is a nightly reading program that all 3rd grade students will participate in this year. This sheet will be sent home every Friday, and then returned the following Friday filled out and signed by a parent for each night read. Students are to read at least five nights out of seven, but are encouraged to read more. Students should read at least 20 minutes per night. We encourage students to read longer than suggested and should record the specific pages of minutes read each night. In order to get credit for reading on a particular night, the minimum number of minutes read are required.
